

# DomeCam Mini HL

Wired AI-powered security IP camera with hybrid illumination, TrueWDR, microphone, and PoE/12 V. For outdoor and indoor use.

## Product versions

|                                                                                                                                                                                                 |                                                                                                                                                                                                 |                                                                                                                                                                                           |                                                                                                                                                                                           |

## Clear image with full-color details, day and night

Hybrid illumination in DomeCam Mini HL cameras automatically switches between infrared and white light based on object recognition or motion detection. This ensures high image quality in low-light conditions and at night. The feature provides full-color footage for better object recognition and helps deter intruders when white light is activated.

## Uncompromising security and privacy

- Passwordless camera authentication via mutual TLS (mTLS) handshake
- TLS-encrypted video streams
- User-controlled access to video content
- Secure video export with digital signature verification
- Multi-tiered account protection: passcodes, biometrics, and two-factor authentication
- Session control for additional account security
- NDAA-compliant components and protocols

## Seamless user experience

- AI-powered object recognition: humans, vehicles, and pets
- High-resolution visual verification of alarms via video scenarios
- Instant transition from notifications to on-site video recordings
- Camera synchronization with security system modes
- Real-time monitoring with a customizable video wall
- True WDR (Wide Dynamic Range) for superior image quality

## Smooth archive navigation

- Proprietary JetSparrow technology for instant, secure video streaming and smooth archive navigation
- Instant access to live view
- Fast archive navigation using event timeline, calendar view, and search filters
- Dual streams for instant preview and optimized bandwidth usage
- Quick video clip export in just a few clicks

## Easy installation and maintenance

- Adding to an Ajax system via QR code
- Remote control and configuration via Ajax apps
- Conformance with ONVIF® Profile S
- RTSP support
- Motion detection zone configuration via Ajax mobile and desktop apps
- Real-time system health monitoring with automatic state checks

## Flexible video surveillance for any scale and scenario

DomeCam Mini HL cameras use Ajax Cloud to transmit system events and JetSparrow technology for fast, secure peer-to-peer video data transmission. With AI-powered object recognition, the camera can identify humans, vehicles, and pets, ensuring only relevant activity is recorded. Strict event filtering helps save storage space and streamlines archive navigation.

Hybrid illumination provides full-color image quality day and night. The camera can be activated depending on the security mode, making video surveillance precisely selective and effective.

5 or 8 MP matrix

2.8 or 4 mm lens

Up to 15 m IR illumination

Up to 256 GB microSD slot

IK08 protection class

Digital microphone, G.711 codec (ULAW or ALAW)

Up to 15 m white light illumination

IP66 enclosure

DomeCam Mini HL cameras can operate without the Ajax NVR – the video archive is stored locally on a microSD card if installed.

DORI distance

| Version                       | Detection        | Observation     | Recognition    | Identification |
|-------------------------------|------------------|-----------------|----------------|----------------|
| DomeCam Mini HL (5 Mp/2.8 mm) | 65 m (213 ft)    | 26 m (85 ft)    | 13 m (42 ft)   | 6.5 m (21 ft)  |
| DomeCam Mini HL (5 Mp/4 mm)   | 86 m (282 ft)    | 34.4 m (112 ft) | 17.2 m (56 ft) | 8.6 m (28 ft)  |
| DomeCam Mini HL (8 Mp/2.8 mm) | 90 m (295 ft)    | 36 m (118 ft)   | 18 m (59 ft)   | 9 m (29 ft)    |
| DomeCam Mini HL (8 Mp/4 mm)   | 117.5 m (385 ft) | 47 m (154 ft)   | 23.5 m (77 ft) | 11.6 m (38 ft) |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                           |
